

Rohit Sahu

Software Engineer II

+91 (840) 208- 1401

rohitsu728@gmail.com

[/rohit52594](#)

A **Fullstack Engineer** with nearly **5+ years** of experience in building dynamic and user-friendly web applications, having deep understanding of modern technologies such as the **React.js** and **Node.js**.

Education

MCA,(CGPA: 8.38/10), Manipal University, 2024
BCA, (CGPA: 6.74/10), Nazira College, 2018
Certification: *Machine Learning Specialisation*,
DeepLearning.ai

Skills

React, JavaScript, TypeScript, HTML, CSS,
Bootstrap, Redux, Node.js, React Native, Express,
MicroFrontend, Material UI, Tailwind, Git, MySQL,
RESTful APIs, CI/CD, MongoDB, JIRA, Python

Professional Experience

Thinkhat Software Inc.

Dec 2022 - Present

Team Lead

- Developed noki.ai, an **AI-based** web application for doctors and patients.
- Guided team in developing projects using ReactJS and **FHIR** standard for the **US healthcare** system.
- Successfully delivered a patient portal designed to enhance and streamline the user experience.
- Led by example, problem-solved, and ensured technology met high healthcare standards.
- Developed an admin dashboard for streamlined management and oversight using React, Redux.
- Implemented **eslint & husky** by configuring various rules for clean code structure & better readability.
- Supervised & led a small frontend team to enhance performance by following agile methodologies.
- Worked in collaborative environment with cross geography team & regular discussions on virtual meet
- Proficient in crafting small-screen applications with responsive and adaptive designs.
- Responsibilities included developing Dynamic UI Components from Scratch.
- Focused on building components that could be easily reused, improving efficiency & maintenance.
- One-on-one discussion with the design team have a design review on the developed screens.

Infistack

Mar 2022 - Dec 2022

Software Consultant

- Delivered project to a client from Finland, ensuring clear communication & meeting expectations.
- Responsibilities extended beyond coding to understanding client needs and crafting intuitive UI.
- Utilized ReactJS in crafting intuitive UI and ensuring alignment with **international standards**.
- Actively engaged in knowledge-sharing to foster ongoing learning and skill growth.

Soffront Corporation

Sep 2021 - Mar 2022

Software Engineer

- Played a pivotal role in the frontend team, improving a project utilized by thousands.
- Implemented new features and addressed issues to optimize project functionality.
- Collaborated closely with team members to brainstorm and implement innovative solutions.
- Demonstrated adaptability and problem-solving skills in addressing project challenges.

Otechnonix India Pvt. Ltd.

Apr 2019 - Aug 2021

Junior Developer, formerly Intern

- Participated in each step of the features & product development from ideation to implementation.
- Developed robust **front-end** and **back-end** solutions using React, PHP, CI, MySQL and Express.
- Integrated **third-party APIs** and services to enhance functionality and meet client requirements.
- Worked on setting up the react application with **react-redux architecture** from scratch.
- Resolved few intermittent critical bugs due to mis-management of state & asynchronous calls.
- Used **AWS** for deploying and hosting applications, ensuring scalability and reliability.
- Conducted comprehensive testing and debugging for application reliability and stability.

Achievements

Employee of The Month, Infistack, Jul 2022

Valuable Contributor Awarded, Thinkhat Software Inc. 2024
